**Subject:** Ringwood Mines - Draft OU2 Remedial Action Work Plan  
**Date:** Wednesday, January 13, 2021 4:38:02 PM

---

Good Afternoon All,

Please see the email below from Joe Gowers, EPA's Project Manager for the Ringwood Mines Superfund Site. Joe asked that I send you the link to the Remedial Action Work Plan. Please contact Joe with any questions about the plan.

Thanks  
Pat

**Subject:** Ringwood Mines - Draft OU2 Remedial Action Work Plan

Please be aware that the draft OU2 Remedial Action Work Plan for the Ringwood Mines/Landfill Site is now available for review through EPA's site-specific webpage. This document can be accessed directly at <https://semspub.epa.gov/work/02/620277.pdf>. The OU2 Remedial Action Work Plan was prepared by the construction contractor (RECON) for the Ford Motor Company in order to detail the manner in which the cleanup for the Peters Mine Pit, Cannon Mine Pit and O'Connor Disposal Areas will be conducted. Please note that this is a draft document which is currently undergoing review by representatives of EPA, the New Jersey Department of Environmental Protection and the U.S. Army Corps of Engineers. An independent review of this document is also being conducted by Skeo Solutions, an environmental consultant under EPA's Technical Assistance Services for Communities (TASC) program.

Joe

Joseph Gowers  
Project Manager
